Product Information

- Light Power: 1W battery saving LED
- Brightness: 2 steps 20 or 40 Lux
- Burning time:
approx. 16 hours with full power
- Special reflector for the lighting
angle of 42°
- Convex Softglass for homogeneous
illumination
- Inclinal Universal shoe with integrated
Security Spring fits almost each
Camera shoe
- Special Adapter foot (optional,
Art.No.20305) for Sony Camcorders which
have the accessory shoe integrated
- Simple Battery Replacement with
special plug-in module
- Light Weight and small dimensions

Technical Details

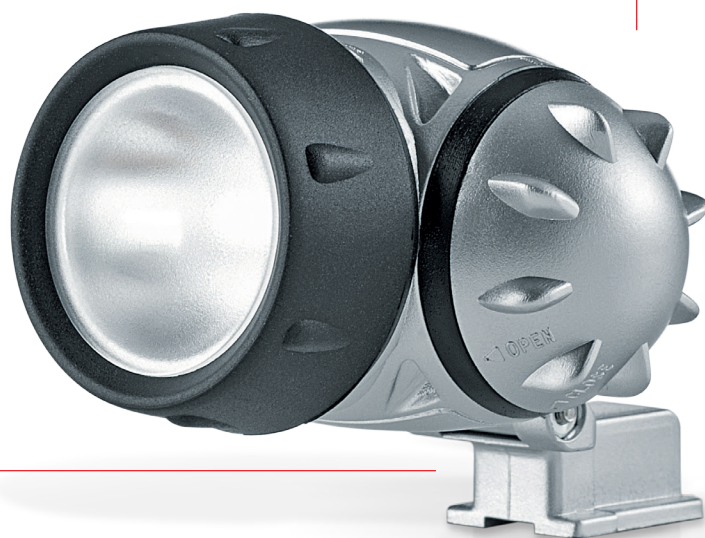

- Dimensions: approx. 75 x 65 x 45 mm
- Weight: approx. 98 g incl.
3 x AAA Batteries
- Power Supply: 4,5V with 3 x AAA
Alkali Mangan Batteries
- Extend of delivery: RAVL100 Battery
Video Light without Batteries

- Extend of delivery:
RAVL200 Battery Video Light without Batteries,
Special adaptor foot for Sony Camcorders, Camera Bracket

Art.No. 20308

EAN-Code: 4005039203084

Product Information

- Number of LEDs: 21
- Lifetime LED: approx. 100.000 h
- Lux in 1m distance: approx. 103 Lux
- Lumen: approx. 110
- Colour Temperature:
Approx. 6.500K to 6.000K
- Angle of Illumination: 60°
- Power Source:
Lithium-Ion Battery 3,7V/300mAh
- Operating time: approx. 60min
- Incl. USB Adapter for charging the
Li-Ion Battery
- 3.5mm Ear jack plug to connect to
the headphone-in socket on Smartphones
and Tablet PC's

Technical Details

- Dimensions: approx. 50 (W) x 25 (H)
x 17 (D) mm
- Weight: approx. 18g incl. Li-Ion Battery
- Power Source: via Li-Ion Battery
3,7V/300mAh
- Delivery Content:
RPL 21
USB Adapter for charging
the Li-Ion Battery

Art.No. 20380

EAN Code: 4005039203800

Specifications are subject to change without notice

Modern LED Video Light **reflecta**
RPL 21 Phone-TabLight with LED
Light Source for better exposures –
ideal for TO GO – during unfavora-
ble lightning conditions.

21 powerful LED's and a Colour
Temperature of 6.500K to 6.000K
allows a homogeneous Illumina-
tion. By the 3.5mm Ear-Jack-Plug
the reflecta **RPL 21** can be connec-
ted very fast and uncomplicated
to any Smartphone and Tablet PC
using a 3.5mm Ear-Jack-Socket.
The **RPL 21** Phone-TabLight is
operated by an internal Li-Ion
Battery and can be simply and fast
charged by using the included USB
Adapter on any Notebook or via
a USB Power Adapter Plug (not
included).

Modern LED Video light **reflecta RPL 49** with LED Light Source for better exposures during unfavourable lighting conditions. By 49 dimmable LED's (equivalent to 3,4 Watt) and the wide Angle of Illumination of 60° the **RPL 49** is a must-have for each photographer and Video shooter.

By the adjustable Rotating head with hotshoe incl. locking screw the **RPL 49** fits nearly all camera / camcorder shoe.

As a further accessory a Sony hotshoe is included. The 2 included Transparent and Yellow diffusers allows Colour temperatures of 5,800 respectively 3,200 Kelvin. The **RPL 49** can be operated by Batteries (included in the delivery content) or by Mains Power Adapter and therefore universal useable.

accessories:
1x Amber diffuser,
1x Transparent
diffuser, (included)

Product Information

- Numbers of LED: 49
- Lifetime LED (approx.): 30.000 h
- Lux in 1m distance: 460 Lux
- Power Consumption: 3,4 Watt
- Colour temperature with Transp.diffuser: 5.800 K
- Colour temperature with amber diffuser: 3.200 K
- Angle of Illumination: 60°
- Dimmable
- Power source 1: 4x AA Batteries
- Power source 2: by Power AC-Adapter
- Operating time 100% power: 170min
- Operating time 50% power: 340min
- Rotating Head with hotshoe
- Sony hotshoe
- Tripod Socket 1/4"
- Optional Accessory:
Hand Bracket Art.-No. 20371
Stand with Tripod Thread Art.-No. 20373

Technical Details

- Dimensions:
approx. 98 (H) x 86 (B) x 40 (T) mm
- Weight: approx. 236g incl. 4 x AA Batteries
- Power Source: 6V by 4 x AA Alkaline Batteries or by AC-Power Adapter (Output 6V)
- Delivery content:
RPL 49 LED Video light, Amber filter, Transparent filter, Rotating head with hotshoe, Sony hotshoe, 4x AA Batteries, AC-Power Adapter, Manual

Art.No. 20370
EAN-Code: 4005039203701

Product Information

- Numbers of LED: 105
- Lifetime LED (approx.): 30.000 h
- Lux in 1m distance: 1050 Lux
- Power Consumption: 6.5 Watt
- Colour Temperature with Transp.diffuser: 5.600 K
- Colour Temperature with amber diffuser: 3.200 K
- Angle of Illumination: 55°
- Dimmable
- Power Source 1: 4x AA Batteries (not included in the delivery content)
- Power Source 2: by Li-Ion Battery Sony NP-Fxxx (not included)
- Operating time 100% power: 150min
- Rotating Head with Hotshoe
- Tripod Socket 1/4"
- Combination of several RPL 105 on top of each other or side by side
- Optional Accessory:
Hand Bracket Art.-No. 20371
Stand with Tripod Thread Art.-No. 20373

Technical Details

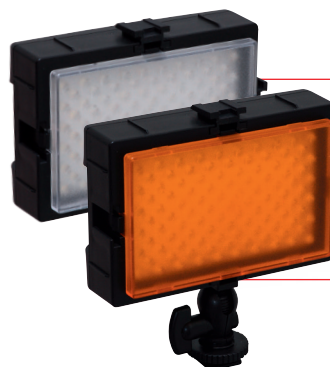

- Dimension:
approx. 85 (H) x 125 (L) x 65 (T) mm
- Weight:
approx. 295g incl. 4 x AA Batteries
- Power Source:
by 4 x AA Batterien or by Li-Ion Battery (Sony NP-Fxxx)
- Delivery Content:
RPL 105 LED Videolight, Amber diffuser, Transparent diffuser, Rotating Head with HotShoe, Battery Adapter, Manual

Art.No.. 20372

EAN-Code: 4005039203725

Modern LED Video light **reflecta RPL 105** with LED Light Source for better exposures during unfavourable lighting conditions. By 105 dimmable LED's (equivalent to 6.5 Watt) and the wide Angle of Illumination of 55° the **RPL 105** is a must-have for each photographer and Video shooter.

By the adjustable Rotating head with hotshoe incl. locking screw the **RPL 105** fits nearly all camera / camcorder shoe. The 2 included Transparent and Yellow diffusers allows Colour temperatures of 5,600 respectively 3,200 Kelvin. EAN Code: 4005039203855

Specifications are subject to change without notice

The new LED Studio Light Kit **reflecta RPL 306** with LED Light Source ensure perfect shootings at unfavorable light conditions. The 306 dimmable LED lights excel with a lower power consumption and longer service life compared to conventional lights. The stepless light power control provides for a perfect homogeneous lighting. Power for the lights is supplied externally via a power adapter. Packed in a sturdy carrying bag the **RPL 306** StudioKit includes: 2 **RPL 306** Light panel with tripod each, transparent and yellow filters and power adapter each. Unpack, set up and take pictures – that's what the new **RPL 306** StudioKit from reflecta stands for.

Last but not least the **RPL 306** StudioKit convinces any photographer with a very good price/performance ratio.

LED Studio Light Series **reflecta** **RPL 600B, 900B und 1200B-VCT**

with LED Light Source for better exposures during unfavorable lighting conditions.

The 600, 900 or 1200 dimmable LED's (equivalent to 72Watt) allows a shadow free and homogeneous illumination.

The included Filters enable different Colour Temperatures from 3.200K to 5.600K. The model **RPL 1200B-VCT** includes the stepless Colour Temperature Control.

The RPL Studio Series can be operated with V-Lock Li-Ion Batteries as e.g. Sony or by external DC Power and therefore universal useable. All LED Studio Lights are well fitted for outdoor using.

CAMERA RIG

CAM RIG S-01

Is a compact shoulder rig, specially designed to stabilize DSLR cameras and video cameras weighting up to 10 kg. The soft shoulder pad lies on top of the shoulder enabling to steer the rig with two hands. Foam grips for secure handling.

**Product Information**

- Variety of Configuration
- Foam grips for secure handling
- Folded Size approx. 30x17x9cm
- Weight 1,10 kg

Art.No. 20570

EAN Code: 4005039205705

CAM RIG SC-01

is a chest / shoulder rig for DSLR and video cameras weighting up to 13 kg to stabilize. The soft shoulder and chest pad allow a comfortable wearing bales.

The handles, the carriage and the cushions can be adjusted in their position, so it's practical and comfortable for users.

Several accessories can be mounted on the rig, such as a microphone or a LED Light. The plate for mounting the camera is equipped with a 1/4 "and 3/8" screw.

**Product Information**

- for Shoulder and Chest
- with Counter weight
- Folded Size approx. 35x26x10 cm
- Weight 1,80 kg

Art.No. 20571

EAN Code: 4005039205712

CAMERA RIGS / STABILIZER

CAM RIG S-02 MV

Is a light weight Chest Support Rig, with anti-slip grip and integrated view finder with 3x magnification. The adjustable shoulder pad can be used for both chest and shoulder support, to help stabilizing your camera. The chest support rig is made from hard plastic, which makes it light weight. The grip can be adjusted forwards or backwards, which enables you to use the grip at every desired distance.

The base plate for the camera can be adjusted in height, to set it to everyone's personal preferences. The view finder fits on all camera lcd screens with a diameter of 3".

**Product Information**

- with 3x Magnification View Finder
- Mini Shoulder Pad
- Anti-slip handle
- Folded Size approx. 32x14x8 cm
- Weight 0,80 kg

Art.No. 20572

EAN Code: 4005039205729

CAM STABILIZER H-01

Is a compact camera tripod that provides a smooth, fluid motion during filming. This stabilizer is designed for lightweight cameras up to 1.35 kg, such as compact and GoPro cameras. The camera stabilizer is made of aluminum and has a built-in water level. The soft handle is attached to the stabilizer with a flexible ball head, for smooth movement. It is specially built to absorb shocks. The supplied counterweights can be used separately, so you have always a proper counterweight for each camera. The stabilizer can be smoothly rotated up to 160 degrees, compared to the handle.

**Product Information**

- with Counter weight
- with water level
- Weight: 1.43 kg
- Load Capacity: 1.5 kg
- Folded Size approx. 33x22x4 cm

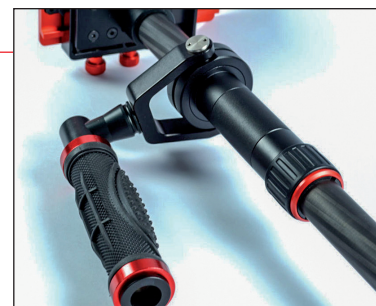

Art.No. 20573

EAN Code: 4005039205736

CAMERA STABILIZER / SLIDER

CAM STABILIZER H-02

It is suitable for cameras weighting between 1 and 5 kg. Once a camera is mounted on top of the H-02, the stabilizer prevents, reduces and compromises unwanted camera movements to ensure stable and smooth recording. The bottom of the stabilizer can be weighted down by 4 counterweights, which are supplied with the H-02. By attaching these weights, the H-02 transforms into a mini tripod and therefore broadens your shooting and filming options. The H-02 ensures the camera is stabilized in various ways; the platform on which the camera is mounted can be adjusted, the number of the counterweights can be increased and decreased and the height can be adjusted. Once you have adjusted the H-02 to suit your needs, the camera will retain its stability regardless of the unsteady movements made by your hand. The H-02 contains a strong carbon fiber construction and is equipped with both, a 1/4" and 3/8", male screw thread, making it suitable to mount most cameras and video cameras. Further, the H-02 is equipped with a comfortable rubber handgrip for comfortable use.

**Product Information**

- 8x Carbon Fiber Tube
- Precision 3-axis gimbal
- bidirectional adjustment plate
- Quick-Release locking system
- Anti-slip and comfortable handle design
- Addable Counter weight plate with clump weight
- Weight: 1.2 kg
- Load capacity range: 1-5 kg
- min. length: 69 cm
- max. length: 120 cm

Art.No. 20574

EAN Code: 4005039205743

DOLLY SLIDER DS-L60

Is a heavy duty sliding bench, 60cm long, which is specifically designed to create professional recordings. The slide bank may be on top of a tripod, but can also be placed directly on the supplied feet. The legs are height adjustable, so the slider is always stable. The plate on which the camera is mounted, comes with bearings, making shifts very smoothly and silently. Heavy cameras can be used on this track, from entry level to professional camera and video camera's up to 4.5 Kg.

**Product Information**

- can be used as Slider and Dolly
- very smooth Glide-Rail
- Slide Track Length 60 cm
- max. Load Capacity of 4.5 kg
- Water Level
- 1/4" + 3/8" Threads along rail track
- Noise-free Wheels
- with Adjustable Feet
- incl. Carrying Bag

Art.No. 20580

EAN Code: 4005039205804

CAMERA DOLLY

CAM DOLLY CD-01

Is a small Camera Dolly, suitable for both SLR and video cameras. On top of the dolly is 1/4" male thread, on which the camera can be connected. The bottom plate comes with scale marks, which allows you change the position of both wheels, but make sure that they are in exactly the same position. This enables the dolly to move straight forward, or in an exact circle around an object. In the bottom plate are two female threads, all 1/4". The dolly comes with a screw that can be placed into these female threads, to create a male thread connection. These different connections allow you to connect accessories to the dolly, like a ballhead, magic arm of LED Light

**Product Information**

- Scal Marks
- two 1/4" female Threads+ one 1/4" male Thread allows using accessories
- Adjustable Angle of the Wheels
- Smoothly Moving because of rubber wheels
- Track in straight line or around

Art.No. 20581

EAN Code: 4005039205811

CAM DOLLY CD-02

Is a Triangle Camera Dolly, suitable for both SLR and video cameras. On top of the dolly is 1/4" male thread, on which the camera can be connected. The bottom plate comes with scale marks, which allows you to change the position of all wheels, but make sure that they are in exactly the same position. This enables the dolly to move straight forward, or in an exact circle around an object. In the bottom plate are three female threads, all 1/4". The dolly comes with a screw that can be placed into these female threads, to create a male thread connection. These different connections allow you to connect accessories to the dolly, like a ballhead, magic arm of LED Light

**Product Information**

- extra large platform for more heavy cameras and accessories
- 360° rotational shot
- 3 handles around the platform
- Scal Marks
- three 1/4" female Threads + one 1/4" male Thread allows using accessories
- Adjustalbe Angle of the Wheels for different radius of rotation
- Smoothly Moving because of rubber wheels
